RESPONSE SENT:	11/08/2026

Request

I would be grateful for a copy of your council's public register of caravan site licences (licences issued under the Caravan Sites and Control of Development Act 1960), covering holiday and residential caravan sites in your area.

A spreadsheet or PDF by email would be ideal. The information I'm looking for is the site name, address, and licence reference for each licensed site. I do not need any personal information beyond what the public register itself records.

I run a small research consultancy serving the UK holiday-park sector, and the register would be used to verify which sites in your area hold current licences.

Response
