1) General

Area	Proposed Policy	Comment
Purpose	<p>The purpose of this pay policy statement is to set out Winchester City Council's (WCC's) policies relating to the pay of its workforce for the financial year 2016-17, in particular: -</p> <ul style="list-style-type: none"> a) the remuneration of its Chief Officers b) the remuneration of its "lowest paid employees" c) the relationship between <ul style="list-style-type: none"> ▪ the remuneration of its Chief Officers ▪ the remuneration of its employees who are not Chief Officers 	<p>This Policy sets out the principles behind the City Council's approach to remuneration of senior officers, in accordance with the requirements of s.40 of the Localism Act 2011 (the Act) and Guidance there under. It does not give details of individual salary levels.</p>
Definitions	<p>For the purpose of this pay policy statement the following definitions will apply: -</p>	

	<p>“Chief Officer” refers to the following roles within WCC: -</p> <ul style="list-style-type: none"> ▪ Chief Executive, as Head of Paid Service ▪ Corporate Director (Professional Services) Corporate Director (Service Delivery), as non-statutory Chief Officer ▪ Statutory Officers (S. 151 and Monitoring Officer) where that role is not discharged by any officer listed above ▪ Assistant Directors and Heads of Service if reporting directly or is directly accountable to a statutory or non-statutory Chief Officer in respect of all or most of their duties 	<p>The statutory definition in the Act covers a range of roles within the City Council. All those are encompassed within the national pay schemes the Council has adopted (see below), so this Policy is consistent with the requirements of the Act</p>
	<p>The “lowest paid employees” refers to those staff employed within grade 1 and 2 of the Council’s pay framework.</p>	<p>The lowest paid permanent staff in the Council at present are paid on Scale 2 (£15,000 pa full time). This is therefore the appropriate point at this time on which to base comparisons of pay relativity. The Pay Policy Review will consider the option of the median point as a comparator as highlighted in the Hutton Report.</p>
	<p>An “employee who is not a Chief Officer” refers to all staff, who are not covered under the “Chief Officer” group above. This includes the “lowest paid employees” i.e. staff on grades 1 and 2.</p>	

2) Remuneration of the “lowest paid employees” and “all other employees who are not chief officers”

Area	Proposed policy	Comment
<p>Under the Act the Council is required to agree the basis of the remuneration of the “lowest paid employees”, including the following elements: -</p> <ul style="list-style-type: none"> ▪ Salary ▪ Any allowance or other payments in connection with their role and shift patterns ▪ Local Government Pension Scheme, where a member ▪ Policy on severance <p>Policies on each of these elements are set out below.</p>		
Salary	<p>The lowest grade in the Council’s pay framework is Grade 1. We have 1 member of staff at present paid on the highest point of Grade 1. . The lowest paid members of staff are in Grade 2 of the pay framework, and this should, for the purposes of the Act, be taken as the “lowest paid employees”.</p> <p><i>Details of the Council’s salary ranges are available on the website.</i></p> <p>Employees new to the Council will normally be appointed to the first step of the salary range for the grade of the role. Where the candidate’s current employment package would make the first step of the salary range unattractive (and this can be demonstrated by the applicant in relation to current earnings) or where the employee already operates at a level commensurate with a higher salary, a higher salary may be considered by the recruiting manager up to mid point of the grade when further approval is sought to appoint beyond this point but still within the grade band. This will be within the salary range for the grade. The candidate’s level of skill and experience should be consistent with that of other employees in a similar position on the salary range.</p>	<p>The bottom point on Scale 2 offers a salary of c.£15,000pa – full time. This is therefore the appropriate point on which to base comparisons of pay relativity</p>
Bonuses	<p>There is no current provision for making bonus payments to any employees.</p>	

	<p>There is however a system of Honorarium payments whereby a one-off payment may be awarded to a member of staff as a reward for a particular piece of work or a substantial effort or duties above what is expected as part of their ordinary day-to-day work. The size of the award paid, should be commensurate with the work being rewarded. An award made may be up to 10% of the employees basic salary. Any payment of this nature must have Chief Officer approval and may be classed as pensionable if classified as additional duties.</p> <p>There is also an acting up allowance which can be paid where an additional payment may be made for covering part of all of a higher graded post duties. This would be commensurate to the additional work being undertaken and the period of time these duties have been carried out. Any payment of this nature must have Chief Officer approval.</p>	
<p>Charges, fees or allowances</p>	<p>Any allowance or other payments will only be made to staff in connection with their role or the patterns of hours they work and must be in accordance with the Council’s collective agreements and subsequent amendments which were agreed by Members.</p>	<p>This includes allowances for being available “on-call” or for anti-social hours and professional membership fees or essential clothing telephone allowance or mobile phone for work use.</p>
<p>Performance related pay</p>	<p>The Council has not adopted a system of performance related pay. However, progression within the employee’s salary scale is through an annual assessment of performance. An employee’s contribution during the course of the year is reviewed within the Council’s Individual Performance Review process (IPR).</p> <p>The IPR process provides for the setting of targets on an annual basis and review of the employees achievement against those targets.</p> <p>Following assessment of the employee’s achievement against targets the reviewing manager will recommend a rating for each</p>	<p>The Council has already adopted policies on incremental progression through the agreed performance review process up to the top point of a grade.</p>

	<p>employee. This rating will be subject to consistency checks and once finalised will be taken into account. Subject to satisfactory performance the salary progression within the salary range, up one step per year until the top step of grade is achieved, will be implemented.</p> <p>Any salary changes following assessment under the IPR process will be effected from 1 April each year.</p>	
Expenses	All employees are entitled to claim certain expenses incurred in performing their duties (for example travel costs) or training expenses. These principles have been agreed by Members.	
Benefits in kind	<p>The Council has adopted policies which entitle employees, under certain circumstances, to a lease car or an allowance for essential car use in connection with their role. These policies can be found on the website.</p> <p>The Council pays professional subscriptions for officers in accordance with terms and conditions of service.</p> <p>The Council offers staff access to certain employee benefit schemes, for example child-care vouchers or the national cycle-to-work scheme as agreed by Members. These are provided at no additional cost to the Council.</p> <p>Car Parking/Park and Ride provision is available to all staff.</p>	
Pension	All employees as a result of their employment are eligible to join the Local Government Pension Scheme and are auto enrolled from October 2013. There are no increases or enhancement to pension entitlements as a result of a resolution of the authority.
